Tribute recipients or their families will receive a customized acknowledgment card, without reference to amount, to notify them of your gift. You may also include a special sentiment. All donors and recipients will be recognized in our annual report unless you wish to remain anonymous.

# Bricks

The restoration of Government Hill in 2004 was a major step in Forest Park Forever's efforts to ensure that all of the Park's permanent structures will be preserved for the benefit and enjoyment of generations to come. You can be a part of that permanence through the purchase of a brick paver at the base of the reflecting pool at Government Hill. For a donation of \$200, you will receive a 4" x 8" paver that allows for an inscription of up to 3 lines, with 15 characters per line (including spacing & punctuation). For a donation of \$2,000, you will receive an 8" x 8" paver that allows for an inscription of up to 6 lines. Pavers purchased during the current calendar year will be installed the following spring.

# Benches

There's no doubt that Forest Park is a bustling place. From the coldest January mornings to the balmiest August evenings, there is a steady stream of runners, bikers and dog walkers. However, even the most active welcome the opportunity for contemplation. You will find benches scattered around the Park in locations overlooking various beautiful vistas. For a donation of \$10,000, the donor can work with Forest Park Forever staff to find a suitable bench location to serve as a tribute. This includes an attached plaque engraved with a sentiment of 4 lines of text, with 40 characters per line (including spacing and punctuation). The benches are provided with perpetual care, including cleaning and maintenance.

# Trees

At more than 1,300 acres, Forest Park is truly an urban oasis. The Park's 15,000+ trees help make it a place of rest and reflection. The gift of a tree tribute will help ensure future generations can enjoy that same sense of peace in the center of a city metropolis. The Tree Master Plan dictates all plantings and calls for a diversity of tree species to be planted to provide for a balanced ecosystem. Trees are planted during the winter when they are approximately 2" in diameter.

There are three different options for tree tributes. A donation of \$150 will be used to maintain all of the Park's thousands of trees. Recipients or their families will receive a customized acknowledgment card telling them that a donation has been made in their name and when the next tree planting is scheduled.

A donation of \$350 will provide for the dedication of a young tree. Lastly, for a donation of \$500, an established tree will be dedicated. Once a tree tribute has been made, the recipients or their families will receive a customized acknowledgment card. Upon the dedication of the tree, they will receive a certificate denoting the tree species and date of dedication. Both donors and recipients will receive a map of the tree's location. A temporary tag will be placed on a tree to assist all in locating it. After 6 months, the tag is removed to allow the tree to grow without restrictions. For those wanting a permanent record of their tree tribute, a donor may receive a brick paver in the Member Paver Plaza with an additional \$150 donation.
